RE: Synagro of Texas-CDR, Inc.  
Permit No. WQ0004674000

2004-2038-SUG

This is to inform you that I am requesting a motion to overturn the TCEQ executive director's approval of this application for the following reasons.

1. The presence of odors and flies.
2. The health of our livestock and wildlife.
3. Declining property value.
4. Health risks to ourselves.
5. Decline in our income due to customers concerns with odor because our business is also adjacent to the property.
6. Inability to enjoy outdoor activities around our home.

Respectfully,

*Danny Novak*
